

# **Quick Start Guide**

## Charge the transducer's battery

Use the provided charging cable (wireless or wired). You can check the charging status on the transducer indicator.

#### Download the SonoMe App

Search "SonoMe" in the App Store (Apple devices) or Google Play (Android devices).

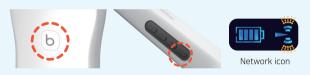

## 3 Turn on your transducer

Press the power button.

If on, you can see the battery icon and the blinking network icon.

### Connect your transducer and smart device 4

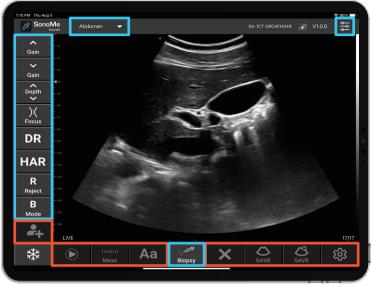

Go to Settings on your smart device to set the Wi-Fi connection. Find and select the SSID of the transducer (e.g. SS-xxxxFCA001).

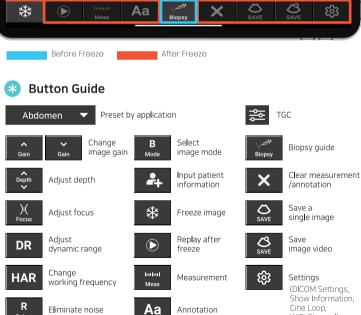

For the password, input the Product ID in lowercase.

The Product ID can be found on the backside of the transducer. After the transducer has been connected, launch the SonoMe App. When connected, the network icon should appear solid without blinking.
